- The trading price of the Units on the SEHK is driven by market factors such as the demand and supply of the Units. Therefore, the Units may trade at a substantial premium or discount to the NAV.
- The Manager may at its discretion pay distribution to unitholders. There is no guarantee to the payment of distribution or frequency of payment. The Manager may at its discretion pay the dividends out of the capital. Payment of dividends out of capital or effectively out of capital amounts to a return or withdrawal of part of an investor’s original investment or from any capital gains attributable to that original investment. Any such distribution may result in an immediate reduction in the NAV per Unit of the Sub-Fund.
